SOFTWARE ENGINEER

I am a software engineer with more than a year of experience in web development. I enjoy solving problems and using creative approaches to find solutions. In my free time, I love playing chess and solving puzzles, like those on LeetCode and Cube's Rube. I am proficient in JavaScript, React, HTML, CSS, and C++. I am currently a second-year student, and I am always eager to learn and grow. I am looking for opportunities to utilize my skills in Web Development, advance in my career, and make valuable contributions to my organization's achievements.

SKILS

Programming Languages: JavScript, C++ (Basic)
Web Development: React.js, Next.js, Node.js, Typescript, MUI, HTML, CSS, SASS, Bootstrap
